Hi Matt,

At our meeting yesterday I realized you had not been sent the draft fish consumption rate report to review. Hopefully Lon has been in touch with you and Jannine. Here is the copy that was sent to reviewers in case you want to give it a look. Please don't pass it around – Ecology doesn't plan to release it until 7/18.

Thanks again for your help yesterday. I think the meeting went well and gives us a lot of things to think about here.

Good luck working on the Oregon rules!!

Take care,

Cheryl
